Massage Action!

SPA₂GO

Great for parties holidays and perfect for summer family fun!

Enjoy a relaxing whirlpool spa whenever you like without complicated or costly installation, thanks to this portable unit that inflates in minutes yet has all the vigorous heated jet action of permanently installed models.

SPA₂GO includes a built-in seat, cushioned side panels for reclining comfort, and a locking cover. The durable K80 vinyl construction uses the same material found in white water rafts to deflect pulling, tearing punctures.

Specifications of Spa:

- 250 gallons
- Inside diameter: 58"
- outside diameter: 82"
- height: 28"
- 1 1/2 hp turbo blower
- 127 microair jets
- 1000 Watt Stainless Heater
- Ground Fault Safety Protection
- Filtration system
- Insular Thermal cover included
- Thermostatically controlled
- 20 gauge K80 vinyl (same as white water rafting material)
